To Be Remembered By Decoration Day Ceremony.

A [monument](#) to the memory of Private Henry W. Richardson is to be unveiled at the National cemetery of this city on the morning of Decoration day. Private Richardson was a native of this city and was in the first contingent of men sent from here to Camp Zachary Taylor. He was sent from there with the first colored troops to go overseas. While en route he died and was buried at sea. His was the only death on the transport while going across. His officers who were white men say that he died a good soldier and a good man.
